ARBETSGEMENSKAP FÖR MELLANFOLKLIG FÖRSTÄELSE OCH RÄTTSKULTUR

Cooperation for understanding between nations and culture of right !
(Idégiving central)

Johanneshov on 7th of March 1976

To the Honorable cheaf of the CIA organization, Mr. George Bush,
WASHINGTON DC
USA.

Dear Mr. Bush,

We have learnt that the actions of a representative of the
CIA -organization here with us in Sweden even in the Senate
of the United States has caused a certain attention.- STATOTHR

This is the reason why I have applied to the leader of the
Swedish section of your organization, [REDACTED] with
a letter as per enclosed copy.-

The matter is, that since the murder of the formel minister
of justice Robert Kennedy i have been rather alone in USA
with my information-work, my s.c. eyeopeners how some gangster-
lawyers from Germany during Hitler-time were capable to induce
the American Government to with a forgery (a faulty father of
Henriette Garrett) dirigate the humanitarian Garrett-donation of
30 millions of sweet dollars into the war, instead of to those
poor people, whom Walther and Henriette Garrett had in their
thoughts when they donated their fortune to a humanitarian purpose.-

We understand, that to deem after the Watergate-scandal, the
moral of right was not as firstclass as one may await it of
such a great super-nations as USA, however as we are of the
opinion that just the moral of human right is a factor of
especially valuable importance for the power of your country,
to which all the small countries around are gladly willing
to stretch themselves, we think it is of utmost impotence,
that the big organization CIA is very accurate with to just
support those matters of conflict where poor peoples are in-
volved, who are in lack of that money, which is necessary to
have in USA a lawyer working for them.-

Now in the famous Garrett-lawsuit it doesn't matter that just
those poor people, who register under the word "humanity" had
no lawyer to defence their right, as we with whole our organiza-
tion including our juridical experts are able to serve a
sandwich-table with all criminal delicatesses which you can
desire, however we have nobody in the world, who is willing to
touch at that very very combustibile material with the American
Government.-

an employer within a department is responsible for his doings,

To the Honorable director of the CIA organization, Washington

if he profanates his power in his department by taking bribes or to work in other way for his own profit.-

Just now we are going to make that employer in our Foreign Department responsible, who 25 years ago when our investigations in the Garrett-matter became actual received a firstclass work as consul general of NEW YORK. His name was baron de Geer. The paragraph in our Swedish law in the respect is reading as follows:

" A person, who is guilty for power-profanation, that results
" in to the detriment of people in common or special persons
" can be judged for to pay a fine or 2 years prison, if it is
" the question about a big crime he can be judged for 6 years
" prison. "

Taking into consideration that the dirigation of a humanitarian donation into the Hitler-war instead of to help the poorest of the poor people of the world, the crime of baron de Geer is of rather big measure.-

As our Foreign Office by the secret stamped truth helped the American Government to catch that humanitarian Garrett-donation and dirigate it into their own money-bag with help of the nazi-forgery, it is no doubt, that our Foreign Office with baron de Geer helped the rich American millionärs to take the last piece of bread from the mouth of the poorest people, who to-day are dying of hunger.-

We think, that the profanated Garrett-lawsuit should be a sufficiently important matter for an organization as the CIA to pay a little interest. In any case the popularity of our great brother USA would advance considerably as all the poor people of the world would have a great gladness, which, we are sure would raise the popularity of your honesty president Gerhald F o r d, who has promised to dirigate the United States with love and rightness !!

If you could help us to cooperate with us in that aim, we would be more than glad.-

We can show letters from 4 American Senators, who gave us their warmest thanks for our cleaning work in the international moral of right.-

With best regards
Lars Thunström
inspector.
Sincerely yours
A.M. Sonnhall
secretary

To the director of CIA-organization,

Dear [REDACTED]

Referring to the informations of the KULTURFRONT of Folket i Bild and my negotiations on the diplomatical plan with the American Embassy I herewith wish to give you a short account with regard to some happenings in connection with the humanitary Garrett-fortuna of 30 millions of sweet dollars, that with help of a nazi-forgery executed during Hitler-time in Germany have been guided into the money-bag of the Government of United States.-

13.11
I think, this one of the biggest murders of justice of the world should be a matter you as the leader of the American CIA should be interested for.-

Sorry to say, I cannot obtain any help from side of our Swedish Government in spite of I since 3 years before the outbreak of second worlds war have taken care of this matter from our war-neutral country SWEDEN, just to help that poor people in the world, who without have the possibillity to pay an American lawyer are unable to come to their right.-

We esteem it a shame for the rich American millionaires to take the last little piece of bread from the mouth of those poor people, who to-day are dying of hunger.-

OTHR
Please, dear [REDACTED] do help me if you can. I have now worked for this matter since 25 years ago, when the newspaper Aftonbladet wrote about me, but sorry to say, I had to "keep the mouth", as our Foreign Office stamped my investigations s e c r e t and I during all these years had no possibility to get some one to listen to my voice.- *of the truth!*

I am willing to let you partizipate in my 100%ical evidence about Henriette Garretts right relations, but as Walther and Henriette Garrett expressed in their last Will the desire to have their fortune to be disposed off by a humanitarian purpose, we have s a v e d their humanitarian aim by transferring the matter to Sweden.-

Please drop me some lines or give me a call on nr. 91 67 92.

With kind regards
Sincerely yours

Anna Marie Sonck
secretary.
